

SCHOOL HEALTH SERVICES**5.53**

- I. The School Board shall collaborate with the Calhoun County Health Department and the District school health advisory committee to develop and implement a health services plan. This plan shall be contained in the *Health Services Manual*.
- II. The plan shall include, but not be limited to, provisions for all aspects required by law.
- III. At the beginning of each school year, the principal shall inform the parent(s) as defined by Florida Statutes, in writing, that students will receive specified health services as provided in the health services plan. A student shall be exempt from any of these services when his/her parent(s) requests an exemption in writing. A health care practitioner may not solicit or arrange to provide health care services or prescribe medicinal drugs to a minor child without first obtaining written parental consent. When invasive screening is one (1) of the specified services, written consent of the student's parent(s) shall be obtained prior to any such screening.
