RATIONALE

The primary function of the public schools is to provide an equal educational opportunity for all students. Education cannot take place unless an atmosphere of good order and discipline necessary for effective learning exists. The responsibility for good order and discipline belongs to the entire community -- students, parents, teachers, school administrators, school board and the general public.

Order and discipline may be described as the absence of distractions, frictions and disturbances which interfere with the success of the student, the class or the school. These conditions must be thought of as positive, as helping students to adjust by turning unacceptable conduct into acceptable behavior. While it is apparent that a choice must sometimes be made between the welfare of the majority of students and the desire to modify the behavior of a few students, discipline can be the presence of a friendly, businesslike rapport among students, parents, teachers, and administrators.

As students progress in our public schools it is reasonable to assume that an increase in age and maturity will result in the students assuming greater responsibility for their actions. It is recognized that differences in age and maturity sometimes require different types of disciplinary action.

Students are subject to the rules and regulations of the School Board:

- during regular school hours
- while being transported on school buses or otherwise en-route to or from school
- at such times and places including, but not necessarily limited to, school sponsored events, field trips, athletic functions, and other activities where appropriate school personnel have jurisdiction over students.

The development of this **Student Code of Conduct and Discipline** has been a dedicated effort of many people, including students, teachers, school administrators and parents. The purpose of this document is to provide information concerning the responsibilities and rights of students. Disciplinary procedures are also included for those who do not accept these responsibilities and rights.

An effort has been made to examine the practices of our schools and develop a fair and consistent code that should set a time and atmosphere conducive to positive educational experiences. Student responsibilities, as well as their rights have been specifically defined.

Although the Florida Legislature enacted a law requiring school districts to develop a **Code of Student Conduct and Discipline**, we have taken this task as another means for involving the community and their schools in trying to provide an educational program to meet the student's needs within an acceptable framework of conduct as set by this community. This code, with proper administration, will contribute to better schools and better instruction for our students.

ROLES OF THE HOME, STUDENT, AND SCHOOL

In order for effective instruction to occur, there must be a cooperative relationship between student, parent, and educator. This relationship may be described as follows:

Parents Who:

1. Keep in regular communication with the school authorities concerning their child's progress and conduct.
2. Insure that their child is in class during scheduled times, is in attendance daily and promptly reports and explains an absence or tardiness to school.
3. Provide their child with the resources needed to complete class work.
4. Assist their child in being healthy, neat, and clean.
5. Bring to the attention of school authorities any problem that affects their child or other children of the school.
6. Discuss report cards and work assignments with their child.
7. Maintain up-to-date home, work, and emergency telephone numbers at the school, including doctor and hospital preferences on the student's emergency card. It is the parent's responsibility for the results of miscommunication due to out-of-date contact information.

Students Who:

1. Attend all classes daily and are punctual in attendance.
2. Are prepared to come to class with appropriate working materials.
3. Are respectful to all individuals and property.
4. Refrain from profane or inflammatory statements.
5. Conduct themselves in a safe and responsible manner.
6. Are clean and neat.
7. Are responsible for their own work.
8. Abide by the rules and regulations of the school and each classroom teacher.
9. Realize that the use of illicit drugs and the unlawful possession and use of alcohol is wrong and harmful.
10. Seek changes in an orderly and recognized manner.

Schools That:

1. Maintain an atmosphere conducive to good behavior.
2. Exhibit an attitude of respect for students.
3. Plan a flexible curriculum to meet the needs of all students.
4. Promote effective training or discipline based upon fair and impartial treatment of all students.
5. Develop a good working relationship among staff and with students.
6. Encourage parents to keep in regular communication with the school.
7. Encourage parent participation in affairs of the school.

PREVENTIVE MEASURES

A major consideration in the application of the Code of Student Conduct is that the action taken by school personnel be consistent with the disciplinary problem involved. Teachers and administrators should strive to use a variety of informal disciplinary and guidance methods, prior to, during and after formal disciplinary action. These methods may include:

1. Student program adjustment.
2. Referral for group or individual counseling with guidance counselors, peer counseling, psychological evaluations, and such other services deemed appropriate.
3. Conferences and/or contacts between administrators, parents, teachers, and students.
4. Referral to appropriate agencies for specific problems.
5. Timeout or Detention.

LEGAL BASIS FOR STUDENT DISCIPLINE

There are several state laws that grant authority in the area of developing a Code of Student Conduct and Discipline.

AUTHORITY OF THE BOARD F.S. 1006.07

The School Board acting as a board shall exercise all powers and perform all duties listed below.

CHILD WELFARE - Provide for the accounting of all children of school age for attendance and control of pupils at school as to health, safety and other matters relating to the welfare of children in the following fields, as prescribed in F.S. 39, 1003, and 1006.

CONTROL OF PUPILS - Adopt rules and regulations for the control, discipline, suspension and expulsion of pupils and decide all cases recommended for expulsion. Suspension hearings are exempted from the provisions of Chapter 120. Expulsion hearings shall be governed by the provisions of F.S. 120.57(2). When corporal punishment is used it must be within the guidelines specified in School Board Policy 5.30.

CODE OF STUDENT CONDUCT - Make available to all teachers, school personnel, students, and parents or guardian, at the beginning of each school year, a code of conduct developed in consultation with teachers, school personnel, students, and parents or guardians. The code shall be based on the rules governing student conduct and discipline adopted by the school board and may be

made available at the school level in the student handbook or similar publication. The code shall include, but not be limited to: specific grounds for disciplinary action; procedures to be followed for acts requiring discipline, including corporal punishment; and an explanation of the responsibilities and rights of students with regard to attendance, respect for persons and property, knowledge and observation of rules of conduct, the right to learn, free speech and student publications, assembly, privacy, and participation in school programs and activities.

AUTHORITY OF SUPERINTENDENT F.S. 1006.08

The superintendent shall exercise all powers and perform all duties listed below and elsewhere in the law; provided that in doing so, he shall advise and counsel with the school board. The recommendations, nominations, proposals and reports required by law and regulations are to be made in writing, noted in the minutes and filed in the public records of the board. It shall be presumed that, in the absence of the record required in this paragraph, the recommendations, nominations and proposals required of the superintendent were not contrary to the action taken by the school board in such matters.

CHILD WELFARE - Recommended plans to the school board for the proper accounting for children of school age; for the attendance and control of pupils at school, for the proper attention to health, safety, and other matters which will best promote the welfare of children in the following fields, as prescribed in F.S. 1003.21.

CONTROL OF PUPILS - Propose rules and regulations of the control, discipline, suspension, expulsion of pupils, review and modify recommendations for suspension and expulsion of pupils and transmit to the school board recommendations for expulsion of pupils. When the superintendent makes a recommendation for expulsion to the school board, he shall give written notice to the pupil and advise the pupil and his parent or guardian of his right to due process as prescribed by F.S. 120.57(2). When school board action on a recommendation for the expulsion of a pupil is pending, the superintendent may, unless prohibited by Federal, State or District guidelines, extend the suspension assigned by the principal beyond 10 school days if such suspension period expires before the next regular or special meeting of the school board.

Upon receipt of notification from law enforcement, the Department of Juvenile Justice, the office of the State Attorney, or the court system that a public school student has had certain types of contact with the juvenile justice system, the superintendent or designee, within twenty-four (24) hours of such notice, shall provide such information to the school administrator, student services personnel, school resource officer, and the student's immediate teachers (those in whose courses or classroom the student in question is currently enrolled).

AUTHORITY OF THE PRINCIPAL F.S. 1006.09

Subject to law and to the rules of the state board and the district school board, the principal, or his designated representative in charge of the school, shall develop policies by which he may delegate to any teacher or other member of the instructional staff or to any bus driver transporting students of the school such responsibility for the control and directions of students as he may consider desirable.

The principal or their designated representative may suspend a student only in accordance with the rules of the district school board, and each suspension shall be reported in writing within twenty-four (24) hours, with the reasons therefore, to the student's parent or guardian and to the superintendent. A good faith effort shall be made by the principal to employ parental assistance or other alternative measures prior to suspension, except in the case of emergency or disruptive conditions which require immediate suspension. No student who is required by the law to attend school shall be suspended for unexcused absences or truancy. The principal or their designated representative may suspend any student transported to or from school at the public expense from the privilege of riding the school bus, giving notice in writing to the student's parent or guardian and to the superintendent within twenty-four (24) hours. School personnel shall not be held legally responsible for suspensions of students made in good faith.

The principal or the principal's designee may recommend to the district school superintendent the expulsion of any student who has committed a serious breach of conduct, including, but not limited to, willful disobedience, open defiance of authority of a member of his or her staff, violence against persons or property, or any other act which substantially disrupts the orderly conduct of the school. A recommendation of expulsion or assignment to a second chance school may also be made for any student found to have intentionally made false accusations that jeopardize the professional reputation, employment, or professional certification of a teacher or other member of the school staff, according to the district school board code of student conduct. Any recommendation of expulsion shall include a detailed report by the principal or the principal's designated representative on the alternative measures taken prior to the recommendation of expulsion.

Suspension proceedings, pursuant to rules of the State Board of Education, may be initiated against any enrolled student who is formally charged with a felony, or with a delinquent act which would be a felony if committed by an adult, by a proper prosecuting attorney for an incident which allegedly occurred on property other than public school property, if that incident is shown, in an administrative hearing with notice provided to the parents of the student by the principal of the school pursuant to rules adopted by the State Board of Education and to rules developed pursuant to s. 1001.54, to have an adverse impact on the educational program, discipline, or welfare in the school in which the student is enrolled. Any student who is suspended as the result of such proceedings may be suspended from all classes of instruction on public school grounds during regular classroom hours for a period of time, which may exceed 10 days, as determined by the district school superintendent. The suspension shall not affect the delivery of educational services to the student, and the student shall be immediately enrolled in a daytime alternative education program, or an evening alternative education program, where appropriate. If the court determines that the student did commit the felony or delinquent act which would have been a felony if committed by an adult, the district school board may expel the student, provided that expulsion under this subsection shall not affect the delivery of educational services to the student in any residential, nonresidential, alternative, daytime, or evening program outside of the regular school setting. Any student who is subject to discipline or expulsion for unlawful possession or use of any substance controlled under chapter 893 may be entitled to a waiver of the discipline or expulsion:

1. If the student divulges information leading to the arrest and conviction of the person who supplied the controlled substance to him or her, or if the student voluntarily discloses his or her unlawful possession of the controlled substance prior to his or her arrest. Any information divulged which leads to arrest and conviction is not admissible in evidence in a subsequent criminal trial against the student divulging the information.
2. If the student commits himself or herself, or is referred by the court in lieu of sentence, to a state-licensed drug abuse program and successfully completes the program.

School officials shall ensure that local law enforcement authorities are notified as soon as possible when an offense of a violent nature is committed on school property, on school sponsored transportation, or during a school sponsored activity. Additionally, if the offense involves a victim, school officials shall notify the victim and the parents or legal guardian if the victim is a minor, of the offense and of the victim's right to press charges against the offender.

AUTHORITY OF THE TEACHER F.S. 1003.32

Subject to law and to the rules of the district school board each teacher or other member of the staff of any school shall have such authority for the control and discipline of students as may be assigned to him by the principal or his designated representative and shall keep good order in the classroom and in other places in which he is assigned to be in charge of students. If a teacher feels that corporal punishment is necessary, at least the following procedures shall be followed:

1. The use of corporal punishment shall be approved in principle by the principal before it is used, but approval is not necessary for each specific instance in which it is used.
 2. A teacher or principal may administer corporal punishment only in the presence of another adult who is informed beforehand, and in the student's presence, of the reason for the punishment.
- F.S. 1003.32(1)(k)

3. A teacher or principal who has administered punishment shall, upon request, provide the pupil's parent or guardian with explanation of the reason for the punishment and the name of the other adult witness who was present. F.S. 1003.32(1)(k)
4. The authority of the teacher and other instructional personnel to discipline violent and disruptive students shall be consistent with the provisions of the Code of Ethics (Rule 6B-1.001 FAC.), and the Principles of Professional Conduct of the Education Profession in Florida Rule (6B-1.006 FAC.), the **Code of Student Conduct and Discipline for Calhoun District Schools**, and schools' policies. Within these parameters, the teacher and other instructional personnel shall have the authority, as well as the responsibility, (Rules 6B-1.001, 6B-1.006, FAC) to undertake various alternatives and techniques in managing student behavior and in ensuring the safety of all students in their classes and schools.

Pursuant to **F.S. 1003.32** and Calhoun County School Board Policy 5.33, a student may be removed from a teacher's classroom for repeated disruptive behavior or a violent incident. The guidelines as outlined in the school board policy must be applied.

AUTHORITY OF THE SCHOOL BUS DRIVER F.S. 1006.10

The principal shall delegate to the school bus driver such authority as may be necessary for the control of pupils being transported to and from school, or school functions at public expense. Any pupil who persists in disorderly conduct on a school bus shall be reported to the principal by the driver of the bus and may be suspended by the principal of the school he attends from being transported to and from school, and school functions at public expense.

The school bus driver shall preserve order and good behavior on part of all students being transported but he shall not suspend the transportation of or give physical punishment to any pupil or put any pupil off the bus at other than the regular stop for the pupil except by order of the parent or of the principal in charge of the school the pupil attends; provided there should be an emergency due to the conduct of pupils on the bus, the bus driver may take such steps as are reasonably necessary to protect the pupils on his bus.

PUPILS SUBJECT TO CONTROL OF SCHOOL F.S. 1003.31

Subject to law and rules and regulations of the State Board and of the School Board, each pupil enrolled in a school shall, during the time he is attending school, and during the time he is on the school premises, be under the control and direction of the principal or teacher in charge of the school, and under the immediate control and direction of the teacher or other member of the instructional staff or of the bus driver to whom such responsibility may be assigned by the principal. However, the State Board or the District School Board may, by rules and regulations, subject each pupil to the control and direction of the principal or teacher in charge of the school during the time he is otherwise en-route to or from school or is presumed by law to be attending.

SCHOOL FACILITIES/LIABILITY

F.S. 1003.31 provides that students are considered under the control and supervision of the school when they are on the premise during a reasonable time before and after school and while attending or participating in a school-sponsored activity at the school site. Reasonable time is defined as 30 minutes before and after school.

LIABILITY OF TEACHER OR PRINCIPAL F.S. 1006.11

Except in the case of excessive force or cruel and unusual punishment, a teacher or other member of the instructional staff, a principal or his designated representative, or a bus driver shall not be civilly or criminally liable for any action carried out in conformity with the state board and district school board rules regarding the control, discipline, suspension, and expulsion of students.

PHILOSOPHICAL BASIS

Following are the philosophical basis upon which the student's responsibilities and rights exist:

1. Schools must make available written rules of conduct to students and parents. Students and parents must assume responsibility for knowing and observing both school rules and state laws that govern student conduct.
2. School Administrators have an obligation under State Law to enforce compulsory school attendance laws. Students have an obligation to avail themselves of the opportunity for a free education.
3. Schools should provide an educational program based upon the needs of students and society. Students have the responsibility to utilize the educational experiences.
4. Schools should provide opportunities for participation in extracurricular activities. Students should avail themselves of participation in those activities that are of interest to them and for which they qualify.
5. Schools should provide an environment that assures respect for persons and property. Students have an obligation to respect the persons and property of others.
6. Schools have a responsibility to insure the privacy rights of students as specified by law.
7. Schools should provide opportunities for student groups to meet in accordance with rules and scheduled use of facilities.
8. Schools have an important role in providing effective avenues for student expression in a wide variety of ways. Students should try to understand the attitudes and viewpoints of the entire school community.

STUDENTS' RESPONSIBILITIES AND RIGHTS

Students have responsibilities and rights relative to the knowledge and observation of school rules. They also have definite responsibilities and rights in the areas of attendance, right to learn, participation in school programs and activities, respect for persons and property, privacy, assembly and free speech and student publications. Following is a listing of the specific responsibilities relative to the many aspects of their educational experiences:

RESPONSIBILITIES

1. Students are responsible for knowing and observing school rules.
2. Students have the responsibility to take advantage of their educational opportunity by attending all classes daily and on time.
3. Students have a responsibility to:
 - a. Take advantage of the appropriate school programs and not infringe on the rights of others to learn.
 - b. Involve themselves in the classes in which they are enrolled through participation as directed by the teacher.
 - c. Involve parents and school personnel in making certain curriculum choices.
4. Student organization officers and representatives are to be alert to needs of the school, the concerns of the student body and to work toward the satisfaction of these needs and concerns to the best of their ability.
5. Students have the Responsibility to:
 - a. Respect the persons and property of other students and the school staff.
 - b. Take care of the property of the school system.
 - c. Failure of a student to pay for lost or damaged instructional materials will result in suspension of the student from participation in extracurricular activities.
6. Parents, guardians, or eligible students have the responsibility of informing the school and individuals of agencies who are working actively and constructively for the benefit of the student, of any information that may be useful in making appropriate educational decisions.
7. Students have the responsibility to plan, seek approval, and conduct those activities that are consistent with the educational objectives and responsibilities of the school.
8. Students have the responsibility to accept the rights of other individuals, to have differing viewpoints and to express themselves on those issues in which they disagree in a manner which does not infringe upon the rights of others, or interfere with the orderly educational process of the school, and is not obscene or libelous or in violation of school rules.

RIGHTS

1. Students have a right to expect clear and understandable rules and regulations to be furnished by the school. They may expect these rules, regulations and laws to be enforced fairly with the right of due process afforded.
2. Students have the right to clearly defined information on School Board Rules and individual school policies dealing with attendance.
3. Students have the right under the direction of a faculty advisor to:
 - a. Form and operate within their respective schools, appropriate student organizations.
 - b. Seek offices and participate in activities and organizations regardless of race, sex, color, creed, or political beliefs.
4. Each student has the right to expect:
 - a. That his person and property will be respected by other students and the school staff.
 - b. The school property to be safe, clean, attractive and well maintained.
5. Students have the right to:
 - a. Be protected by legal provisions that prohibit the release of personally identifiable information as provided by law.
 - b. Privacy in their personal possessions unless the principal has a reasonable cause to believe that the student is concealing material, which possession of, is prohibited by law.
6. Students have the right to assemble peacefully on school grounds or in school buildings. Exercise of this right shall be denied when it substantially and directly endangers physical health and safety, damages property or disrupts the school program.
7. Students have the right to express themselves and to petition and survey student opinion in accordance with these established procedures.

DISCIPLINARY PROCEDURES

We strongly urge that each classroom teacher attempt to deal with general classroom disruption by taking in-class disciplinary action, by making a personal call to the parent, and when the action taken by the teacher is ineffective, or the disruption is sufficiently severe, then the student should be referred to the principal or his/her designee.

Depending on the seriousness and frequency of the misconduct, certain disciplinary procedures will be followed. For those behaviors that are less serious the following action will be taken.

1. Teacher/pupil conferences
2. Teacher/parent communication
3. Withdrawal of privileges that are under the teacher's jurisdiction
4. Counseling by teachers, student service personnel, and, or administrators
5. Assigned warnings
6. Corporal Punishment
7. Administrators will be involved in all cases as needed

Repeated occurrences of less serious behaviors may be dealt with in the same manner as misconduct of a more serious nature. The following are considered in addition to any of the above mentioned actions.

1. Corporal punishment
2. Assignment to detention
3. In-school Suspension (ISS)
4. Out-of-school suspensions (OSS)
5. CARE Program (Grades 6-12)
6. Recommendation for expulsion
7. Expulsion by School Board

Some of the violations of school rules are also violations of the laws in the Criminal Code of the State of Florida. If students violate these laws not only will they be subject to suspension from school, but also

local law enforcement officials will be contacted and the student's misconduct will also be handled by these authorities.

The illegal use, possession, distribution, or sale of weapons, alcohol, drugs or other controlled substances (as defined in Chapter 893, Florida Statutes), or the illegal use or display of electronic telephone pagers or cell phones, by any student while such student is upon school property or in attendance at a school function is grounds for suspension and/or recommended expulsion by the school board.

SPECIFIC GROUNDS FOR DISCIPLINARY ACTION

Since misconduct of any degree or frequency is undesirable and not conducive to a positive learning environment for all, students should understand that certain consequences are applicable to their behavior. Because some behaviors are more serious and disruptive than others, the frequency, nature, and degree of the misconduct will determine the specific disciplinary action that will be taken.

Any student who commits a serious breach of conduct, or who is a chronic discipline problem, as determined by the principal, may be referred for screening for possible placement in CARE, the district's discipline-based alternative education program.

In-school-suspension is a temporary removal of a student from his/her regular school program to the CARE program for a designated period of time. Students assigned to ISS are not given the option of out-of-school suspension and may not return to school without the completion of their ISS punishment.

Any student who is assigned out-of-school suspension or expulsion from the Calhoun County School System shall not be allowed to attend or participate in a school-sponsored activity or function, nor be allowed on school property during the duration of the suspension or expulsion.

Missed work shall be made up for all absences, including suspension, except when out-of-school suspension results from in-school-suspension (see page 20). It is the student's and/or parent's responsibility to request and pick up assignments during the suspension period. Work is due upon return to school after the suspension. Each student shall receive full credit for such work.

It is understood that, in dealing with the following violations of the conduct code, the principal and his/her designee shall hear the student's explanation, and consult further with the teacher, if necessary, before determining the disciplinary action. Due process procedures are adhered to in all investigations of a discipline problem. Following is a non-exhaustive list of behaviors for which disciplinary action of some type will be taken.

1. Absences
2. Abusive language
3. Assault and battery; obscene language
4. Cheating and lying

If seen, the energy drink will be confiscated. Unopened drinks may be picked up by the parent. Bringing such drinks to school will be seen as defiance of the school's authority and will be disciplined as such.

1. Activating a fire extinguisher
2. Arson -- willful and malicious burning of any part of a building or its contents.
3. Assault and battery on student -- actually and intentionally touching or striking another student against the will of the other; or intentionally causing bodily harm to an individual.

6. Bullying or Harassment- Bullying means systematically and chronically inflicting physical hurt or psychological distress on one or more students or employees. It is further defined as unwanted and repeated written, verbal, or physical behavior, including any threatening, insulting, or dehumanizing gesture, by a student or adult, that is severe or pervasive enough to create an intimidating, hostile, or offensive educational environment; cause discomfort or humiliation; or unreasonably interfere with the individual's school performance or participation; and may involve but is not limited to: unwanted teasing; social exclusion; threat; intimidation; stalking; physical violence; theft; sexual, religious, or racial harassment; public humiliation; or destruction of property. Harassment means any threatening, insulting or dehumanizing gesture, use of data or computer software, or written, verbal or physical conduct directed against a student or school employee that (1) places a student or school employee in reasonable fear of harm to his/her person or damage to his/her property; (2) has the effect of substantially interfering with a student's educational performance, opportunities, or benefits; or (3) has the effect of substantially disrupting the orderly operation of a school. Bullying or harassment of students or K-12 employees through the use of data or computer software that is accessed through a computer, computer system, or computer network within the scope of a public K-12 educational institution, as well as bullying or harassment through the use of data or computer software that is accessed at a nonschool-related location, activity, function, or program or through the use of technology that is not owned, leased, or used by a school district or school, if the bullying substantially interferes with or limits the victim's ability to participate in or benefit from the services , activities, or opportunities offered by a school or substantially disrupts the education process or orderly operation of a school. Cyberbullying means bullying through the use of technology or any electronic communication. Cyberbullying includes the creation of a webpage or weblog in which the creator assumes the identity of another person, or the knowing impersonation of another person as the author of posted content or messages, if the creation or impersonation creates any of the condition enumerated in the definition of bullying as defined in s.1006.147, F.S. Upon receiving proper notice that a student has been formally charged with a felony, the principal shall immediately notify the parent or guardian of the student, in writing, of the specific charges against the student and of the right to a hearing prior to disciplinary action being instituted under the provisions of Section 1006.09(2), F.S.
2. Such notice shall stipulate a date for hearing which shall be not less than two (2) school days nor more than five (5) school days from postmarked date, or delivery, of the notice and shall also advise the parent of the conditions under which a waiver of suspension may be granted, as prescribed in subsections (2) and (3) of Section 1006.09, F.S. Pending such hearing, the student may be temporarily suspended by the principal.
3. The hearing shall be conducted by the principal, or designee, and may be attended by the student, the parent or guardian, the student's representative or counsel, and any witnesses requested by the student, the parent or guardian, or the principal.
4. The student may speak in his or her own defense, may present any evidence indicating his or her eligibility for waiver of disciplinary action, and may be questioned on his or her testimony. However, the student shall not be threatened with punishment or later punished for refusal to testify
5. In conducting the hearing, the principal or designee shall not be bound by rules of evidence or any other courtroom procedure, and no transcript of testimony shall be required.
6. Following the hearing, the principal, within five (5) school days, shall provide the student and parent or guardian with a decision, in writing, as to whether or not suspension will be made. In arriving at this decision, the principal shall consider the conditions prescribed by subsections (2) and (3) of Section 1006.09, F.S., under which a waiver of suspension may be granted, and may grant such a waiver when he or she determines such action to be in the best interests of the school and the student. Provided, however, that any suspension pending adjudication of guilt shall be made only upon a finding, based upon conclusive evidence, that a felony charge has been formally filed against the student by a proper prosecuting attorney. The principal shall have authority to modify the decision to either grant or deny a waiver, at any time prior to adjudication of the student's guilt by a court, provided that any such modification adverse to the student shall be made only following a hearing conducted in accordance with this rule.

In lieu of expulsion, alternative education opportunities may be offered. Students attending Calhoun Virtual School as an alternative to CARE, will not be allowed to participate in extracurricular activities or other student functions in their home school such as but not limited to graduation exercises, senior trip, prom, pep rallies, sports, marching band, clubs, etc. Students may be allowed to attend school events open to the public not occurring during school hours unless that privilege has been revoked.

Student Crime Watch / Be Brave Hotline

To promote responsibility among students and to assist in the control of criminal behavior in the schools, students are encouraged to report incidents of crime to the school principal or designee. Students have the choice of reporting crimes confidentially on the Hotline with the assurance that their identity will remain anonymous. F.S. 1001.42; 1006; 1012.22

Searches, Investigations and Interrogations

A student locker or other storage is subject to search, upon reasonable suspicion, for prohibited or illegally possessed substances or objects as described in **F.S. 1006.09**. Interrogations, interviews, and removal of students must be done in compliance with Board Policy 5.351.

Returning to School

Prior to a student returning to school, a school administrator may require that the student undergo a psychological evaluation when deemed appropriate for the safety of self and/or others.

CARE

Character-Attitude-Responsibility-Education

The CARE Program is a discipline-based alternative education program for students who demonstrate serious behavioral difficulties considered detrimental to the regular classroom setting. A change of placement to the CARE Program is made when a student's adverse behavior results in a specified number of suspension days, or he/she is involved in an incident serious enough to warrant immediate placement. The CARE Program strives to be positive in nature, employ alternative teaching methodologies, curricula, learning activities, and diagnostic and assessment procedures in order to meet the needs, interests, abilities, and talents of eligible at-risk students. The CARE Program includes, but not limited to: tutoring, mentoring, computer assisted instruction, credit recovery, smaller class sizes, and flexible scheduling.

If a parent or guardian chooses to withdraw his/her child from the Calhoun County school system, the time assigned for attending the CARE program will still have to be served before the student may return to any of the other Calhoun County School. This rule also applies to students who attend the Calhoun Virtual School in lieu of the CARE program.

After 10 days of accumulated in-school suspension and/or out-of-school suspension, the Principal or his/her designee may recommend assignment of the student to the CARE Program, as an alternative placement intervention prior to expulsion. During any assignment to the CARE Program, a student who accumulates a total of 20 days of suspension may be recommended for expulsion. Effective July 1, 2012, students can only be assigned to the CARE program 2 times during grades 6-12. CARE placements prior to July 1, 2012 would not count in this total. A third offense warranting a CARE placement will result in recommendation for expulsion. A student's accumulated days of ISS and/or OSS start over at the beginning of each school year.

Prior to 10 days of accumulated suspension, students may be assigned to CARE for an extreme act(s) of misconduct, such as, but not limited to, drug use, violence or sexual offenses.

Students assigned to CARE or attending Calhoun Virtual School in lieu of CARE, will not be allowed to participate in extracurricular activities or other student functions in their home school such as but not limited to graduation exercises, senior trip, prom, pep rallies, sports, marching band, clubs, etc. Students may be allowed to attend paid school events not occurring during school hours unless that privilege has been revoked.

In order to participate in graduation exercises, seniors assigned to CARE, must meet the requirements for reappointment to their home school as well as all graduation requirements by the last day of required attendance for seniors in their home school. Seniors assigned to CARE for the **first time in grades 9-12** during the 2nd semester may be allowed to participate in graduation exercises if at that time they have earned 90% of their possible points as well as all graduation requirements, by the last day of required attendance for seniors in their home school.

Students assigned to CARE will be allowed to attend, but not participate in activities or functions that are open to the general public.

Students assigned to CARE will be allowed to participate in credit recovery and athletic programs during the summer at their home school. These students will not earn points toward CARE exit criteria during participation in these summer programs.

Students assigned to CARE must complete a minimum of forty-five (45) days and demonstrate satisfactory behavior by successfully completing the level system in order to be considered for reappointment into the regular classroom, unless otherwise determined by a Child Study Team and /or IEP Team.

Students will not be allowed to transition back to their home school within 2 weeks of the end of the semester or end of school. Referrals during this transition time will be treated per the Code of Conduct and will be forwarded to their home school,

A second assignment into the CARE Program will require a minimum of ninety (90) days and demonstration of satisfactory behavior by successfully completing the level system in order to be considered for reappointment into the regular classroom, unless otherwise determined by a Child Study Team and/ or IEP Team.

In-School Suspension (ISS) students who are guilty of misconduct may be reassigned to Out-of-School Suspension (OSS) for a number of days to be determined by the CARE administrator. Students suspended from ISS must, upon completion of OSS, return to ISS to complete their unfinished day(s), including the day they were suspended. When students are suspended from ISS, their OSS days will count towards the cumulative days for expulsion.

Students will be placed in the CARE Program or receive other Educational Services as an alternative placement at any time the Child Study Team deems that program to be:

- an appropriate alternative,
- the completion of an existing assignment or program, or
- a transition from a more restrictive program.

CONDUCT ON SCHOOL BUSES AND OTHER SCHOOL VEHICLES

Any student eligible to be transported is expected to abide by rules of conduct for riding the bus or other school vehicle in order to assure the safety of all students. Students are expected to ride their respective assigned buses and not ride any other bus except under conditions of emergency or as directed by the school principal. Violation of district school board transportation policies, including disruptive behavior on a school bus or at a school bus stop, by a student is grounds for suspension of that student’s privilege of riding on a school bus and may be ground for disciplinary action by the school and may also result in criminal penalties being imposed. **F.S. 1006.063.**

Bus Rules of Conduct

Students shall obey the following rules:

1. Be on time and stand off the roadway while waiting for the bus. Students are expected to adhere to bus rules on conduct at all designed bus stops.
2. When crossing the roadway, be sure that the road is clear of traffic in both directions. Students shall cross the roadway ten (10) feet in front of the bus so that the driver can observe the student at all times.
3. Follow all directions given by the driver.
4. Remain in the bus seat at all times until departure at an assigned stop. The bus driver may assign seats when necessary to maintain order.
5. Use ordinary quiet conversation and classroom conduct. While the bus is stopped for railroad crossings, students should remain silent.
6. Do not talk to or distract the driver while the bus is in operation.
7. Refrain from foul language or racial slurs.
8. Keep hands, feet, arms and head to yourself and inside the bus at all times.
9. Do not throw paper or other rubbish on the floor or otherwise litter, mark, deface, or damage any part of the bus.
10. Do not throw any objects from the bus.
11. Do not tamper with the emergency exit.
12. Gum chewing, eating, drinking, and/or smoking are prohibited on the school bus.
13. Balloons, any sharp instrument, weapon on any type, glass containers, animals or pets, large band instruments, skateboards, or other potentially hazardous objects are prohibited on the school bus. The only approved exception is band instruments that can be placed under the bus seat.
14. Keep small objects, books, or toys that are loose off the floor. These could get underfoot and cause passengers to trip or fall.

Consequences for Misbehavior on the Bus

Referral	Consequence
1 st	The bus driver will have a conference with the student’s parent/guardian and/or school the administrator and will provide written documentation of the meeting.
2 nd	The school administrator shall suspend the student from the bus for a period of 3 to 5 days.
3 rd & 4 th	The school administrator shall suspend the student from the bus for a period of 5 to 10 days.
5 th	The school administrator shall recommend bus expulsion.

School administrators are not required to follow these discipline steps, if in their opinion; the misbehavior is severe enough to bypass the steps. Acts of violence and acts that endanger the safety of others warrant the bypassing of the steps and may result in criminal penalties being imposed.

School administrators have the discretion to repeat 1st and 2nd referral steps with students due to their age and/or level of understanding.

PROHIBITION OF DISCRIMINATION, BULLYING, INCLUDING SEXUAL AND OTHER FORMS OF HARASSMENT

It is the policy of the Calhoun County School District that all of its students and school employees have an educational setting that is safe, secure, and free from harassment and bullying of any kind. The District will not tolerate bullying and harassment of any type.

The complete Calhoun County School Board Policy 2.71: Bullying and Harassment can be found in Appendix A.

NONDISCRIMINATION POLICY & EQUITY COORDINATOR NOTIFICATION

A comprehensive policy has been developed, including educational and vocational programs services, activities, employment policies, practices and procedures, which provides protection in terms of race, color, national origin, gender, age, disability, marital status, disabilities, and religion. The district also provides equal access to its facilities to the Boy Scouts and other patriotic youth groups, as required by the Boy Scouts of America Equal Access Act. The district's policy of nondiscrimination provides protection to staff and includes all protected classes. The Student Code of Conduct and the School Board Policies contain a nondiscrimination statement of assurance and procedures for filing grievances, including complaints of discrimination.

The Florida Educational Equity Act, Section 1000.05, F. S., became law in June, 1984, and the implementing rules were adopted by the State Board of Education in February, 1985.

In addition to Florida Statutes, the legal basis for the Equity Coordinator are found in Title VI & Title VII of the Civil Rights Act of 1964, Title IX of the Education Amendments of 1972, Section 504 of the Rehabilitation Act of 1973, and the American Disabilities Act of 1990, together with their implementing regulations.

Questions, complaints, or requests for additional information regarding discrimination or harassment may be sent to: Vicki Davis, Equity Coordinator; 20859 Central Ave. E., Room G-20; Blountstown, Florida 32424;850-674-8733 ext 22; vicki.davis@calhounflschools.org

DISCIPLINE OF STUDENTS WITH DISABILITIES

IEP Decisions

Individual Education Plan (IEP) Teams makes all final placement decisions for students with disabilities. As a result, IEP teams may recommend placement options that differ from the discipline consequences outlined in the Student Code of Conduct and Discipline for varying reasons. It is not the intent of the IEP team to give students with disabilities any unfair advantage. In most cases, the same consequences listed in the Student Code of Conduct and Discipline will apply to students with disabilities. However, this will be determined on a case by case basis as necessary.

Use of Manual Physical Restraint and Seclusion

Manual physical restraint/seclusion must only be used as a last resort, in emergency situations where aggressive and/or self-injurious behaviors present an immediate, significant, and imminent threat to the physical safety of the student and/or others. Manual physical restraint/seclusion is never to be used as a punishment or as an instructional tool and is to be used only for the period of time needed to contain the behavior of concern and eliminate the immediate threat of harm to the student and/or others. District guidelines shall provide direction for the authorized training, reporting and monitoring of manual physical restraint/seclusion within the Calhoun County School District.

Suspension

Consistent with the Code of Student Conduct and Discipline and to the extent removal would be applied to students without disabilities, school personnel may order:

1. The removal of a student with a disability from the student's current placement for not more than 10 total school days during a school year.
2. Additional removals of a student with a disability of not more than 10 cumulative school days during that same school year for separate incidents of misconduct as long as those removals do not constitute a change in placement.

Change in Placement

For the purposes of removals of a student with a disability from the student's current educational placement, a change of placement occurs when the removal is for more than 10 consecutive or cumulative school days.

Manifestation Determination

When a student with a disability has been suspended from school for 10 school days, the IEP team shall convene to review the student's individual education plan and other records and to make a manifestation determination. A manifestation determination examines the relationship between the student's disability and the specific behavior that may result in disciplinary action.

If the IEP team and other qualified personnel determine that the student's behavior was not related to the disability, the relevant disciplinary procedures applicable to students without disabilities may be applied to the student in the same manner in which they would be applied to students without disabilities. However, services must be continuously provided if the discipline constitutes more than 10 days of In-School Suspension and/or Out-Of-School Suspension.

If the IEP team found the behavior to be a manifestation of the student's disability, any deficiencies in the student's IEP or placement or in their implementation identified during the manifestation determination must be remedied immediately. The student should be returned to the placement from which he or she was removed, unless the parent and LEA agree otherwise.

If the parent disagrees with the manifestation determination decision made by the IEP team pursuant to this rule, the parent may request an expedited due process hearing.

Long Term Removals

1. The school district must notify the parent of the suspension and provide the parent with a copy of the notice of procedural safeguards as required by Florida Rule on the same day as the date of the removal decision.
2. An IEP team must meet within 10 school days of the removal decision in order to perform a manifestation review.
3. Services must be continuously provided for students with disabilities after 10 consecutive or cumulative days of In-School Suspension and/or Out-Of-School Suspension.
4. No later than 10 school days after either first removing the student for more than 10 school days in a school year or beginning with a removal that constitutes a change in placement:
 - a. The IEP team must meet to develop a functional behavior assessment (FBA) and a positive behavior intervention plan (PBIP) if not in place before the behavior that resulted in the removal occurred.
 - b. If the student has a PBIP and FBA, the IEP team shall meet to review the plan and its implementation and modify the plan and its implementation as necessary to address the behavior.

Alternative Placement

After reviewing a student's individual education plan, discipline records, cumulative records and any other information the team deems important, the IEP team may recommend an alternative setting or placement for the student. The placement must be selected so as to enable the student to continue to progress in the general curriculum and to continue to receive services and accommodations, including those described on the student's current IEP, which will enable the student to meet IEP goals or make alternate placement decisions based on student need and IEP team recommendations.

Expulsion of Students with Disabilities

1. Behaviors that, under normal circumstances, may warrant the expulsion of exceptional education students shall include:
 - a. Carrying or concealing weapons on the school grounds, in a school building, on a school bus, or in a motor vehicle on School Board property or at a school-sponsored function.

- b. Possessing, selling, using, delivering, transmitting, or distributing any controlled substance, as defined in Florida Statutes, or alcoholic beverages on school property.
 - c. Infliction of serious bodily injury upon another individual while at school, on school premises, or at a school function.
2. The expulsion of an exceptional education student shall not result in a complete cessation of educational services; the school is responsible for providing the expelled student's education during the expulsion in accordance with a revised individual education plan (IEP). The following procedures shall be followed for the expulsion of an exceptional student:
 - a. The principal shall adhere to State Board of Education Rules when recommending expulsion of exceptional students and shall be responsible for convening the IEP team.
 - b. Prior to the IEP meeting, a functional behavior assessment (FBA) must have been conducted.
 - c. A behavior management plan shall be developed if not already in place and comply with State Board of Education Rules.
 - d. The decision of the IEP team as to the most appropriate placement for the student will be made and recorded on the IEP.
 - e. Parents of students with disabilities shall be afforded all procedural safeguards as required by law.

Interim Alternative Educational Settings (IAES)

1. The IEP team determines the IAES, unless it is determined by an administrative law judge.
 - a. The IAES must be selected so as to enable the student to continue to progress in the general curriculum and to continue to receive services and modifications, including those described in the student's current IEP, that will enable the student to meet IEP goals.
 - b. The IAES must include services and modifications to address the behavior that resulted in the change of placement and that are designed to prevent the misconduct from recurring.
2. School personnel may place a student in an IAES for the same amount of time a student without a disability would be placed, but not for more than forty-five (45) calendar days without the consent of the parent or guardian if the student:
 - a. Carries a weapon to school or to a school function, or
 - b. Knowingly possesses or uses illegal drugs or sells or solicits the sale of a controlled substance while at school or a school function or
 - c. Inflicts serious bodily injury upon another individual while at school, on school premises, or at a school function.
3. School personnel must notify the parent of an IAES placement decision and provide the parent with a copy of the notice of procedural safeguards, consistent with the State Rules on the day the placement decision is made.

Expedited Hearing

1. An expedited hearing may be requested:
 - a. By the student's parents if the parent disagrees with a manifestation determination or with any decision regarding a change in placement.
 - b. By the school district if the school district demonstrates by substantial evidence that maintaining the current placement of the student is substantially likely to result in injury to the student or to others (prior to removal to an interim alternative education setting) during the pendency of a due process hearing or appeal.
2. School district personnel may seek subsequent expedited hearings for alternative placements if after the initial forty-five day term has expired; the district maintains the student's behavior is still likely to result in injury to the student or others.
3. An administrative law judge may order a change in the placement of a student with a disability to an appropriate interim alternative or another educational setting for not more than forty-five days if the administrative law judge, in an expedited due process hearing:
 - a. Determines that the school district has demonstrated by substantial evidence that maintaining the current placement of the student is substantially likely to result in injury to the student or others;
 - b. Considers the appropriateness of the student's current placement;
 - c. Considers whether the school district has made reasonable efforts to minimize the risk of harm in the student's current placement, including the use of supplementary aids and services; and

- d. Determines that the interim alternative educational setting (IAES) that is proposed by school personnel who have consulted with the student's special education teacher meets the requirements of section on IAES on page 23.
4. In reviewing a decision with respect to the manifestation determination, the administrative law judge shall determine whether the school district has demonstrated that the student's behavior was not a manifestation of the student's disability consistent with the determination requirements.

Student's Placement during Proceedings

1. If a request for a hearing is made to challenge placement in the IAES, the manifestation determination or disciplinary action resulting from the student's involvement with a weapon, illegal drug, controlled substance, or dangerous behavior, the student must remain in the IAES pending the decision of the administrative law judge or until the expiration of the forty-five day time period, whichever occurs first, unless the parent and the school district agree otherwise.
2. If a student is placed in an IAES and school personnel propose to change the student's placement after expiration of the forty-five day time period, during the pendency of any proceeding to challenge the proposed change in placement, the student must remain in the placement prior to the IAES except as provided in section on Expedited Hearing(2), page 23.

Protection for Students Not Yet Eligible for Special Education and Related Services

A regular education student who is the subject of disciplinary actions may assert any of the protections afforded to a student with a disability if the school district had knowledge of his or her disability before the misbehavior occurred for which the disciplinary action is being taken.

1. **Basis of knowledge.** A school district is determined to have knowledge that a student may have a disability if:
 - a. The parent has expressed concerns in writing (or orally if unable to write) to school district personnel that the student needs special education and related services;
 - b. The behavior or performance of the student demonstrates the need for special education;
 - c. The parent has requested an evaluation to determine a need for possible special education services; or
 - d. The teacher of the student or other school district personnel have expressed concern about the student's behavior or performance to the special education director or to other appropriate school district personnel in accordance with the district's child find or special education referral system.
2. **Exception.** A school district would not be deemed to have knowledge if, as a result of receiving the information specified, the school district:
 - a. Conducted an evaluation and determined that the student was not a student with a disability; or
 - b. Determined that an evaluation was not necessary and provided notice to the student's parents of the determination that the student was not a student with a disability as required by Rule 6A-6.03311, FAC.
3. **Conditions that apply if no basis of knowledge.**
 - a. If there is no basis of knowledge that the student is a student with a disability prior to disciplinary action, the student may be disciplined in the same manner as a student without a disability.
 - b. If an evaluation request is made for the student during the time period of the disciplinary action, the evaluation shall be conducted in an expedited manner. Until the evaluation is completed, the student remains in the educational placement determined by school authorities, which can include suspension or expulsion without educational services. After considering the evaluation results and information provided by the parents, if the student is determined to be a student with a disability, the school district shall provide special education and related services consistent with the requirements.

Student Records in Disciplinary Procedures

School districts shall ensure that the special education and disciplinary records of students with disabilities are transmitted consistent with the provisions of F.S. 1002.22 and Rule 6A-1.0955, FAC:

1. For consideration by the person making the final determination regarding the disciplinary action, and
2. For consideration by the appropriate authorities to who school districts report crimes.

LEP STATEMENT

National origin minority or limited English proficient students shall not be subjected to any disciplinary action because of their use of a language other than English. Rule 6A-6.0908 (3), FAC.

DUE PROCESS PROCEDURES

General Procedures

A basic ingredient of due process of law is that one who is not satisfied with a decision may appeal it to a higher authority. Thus, the student may appeal a decision to the superintendent. The superintendent's decision may then be appealed to the board, and if still not satisfied, the student may (through the adult) appeal his/her case to court.

Three requirements govern the question of whether or not a student is afforded due process of law in school.

1. There must be a fair and reasonable rule that is broken or disobeyed;
2. The rule must apply equally to all; and
3. If punishment is meted out for violation of a reasonable and fair rule, that procedure by which the punishment is assessed must be fair, reasonable, and impartial. This third criterion includes the right to:
 - a. Receive the charges in writing within a reasonable time;
 - b. Be given sufficient notice of time and place of hearing
 - c. Appear with counsel;
 - d. Confront and cross-examine;
 - e. Face accusers and refute charges;
 - f. Be heard by an impartial tribunal;
 - g. Privilege against self incrimination;
 - h. Receive a transcript of the proceedings; and
 - i. Appeal

Procedures for due process for Students with Disabilities can be found in *Calhoun County Special Programs Procedures for Exceptional Students*.

GRIEVANCE PROCEDURES FOR STUDENTS (School Board Policy 5.342)

- Step 1:** Informal. A student should first take a complaint to the person(s) involved and try to solve the problem informally.
- Step 2:** The student must give the principal a written and signed grievance. This should describe the problem and give all the facts and a suggested solution. This must be given to the principal not more than ten days after the incident occurred.
- Step 3:** If the student doesn't agree with the principal's decision, the grievance, as in Step 2, may be sent to the District Superintendent. This has to be done within three days after the principal's decision.
- Step 4:** If the Superintendent's decision is unacceptable, a student may send a grievance to the School Board within three days after the Superintendent's decision. The School Board does not have to consider the grievance, but if it decides it will, it has the authority to set up the hearing and decision procedures.

A STUDENT MAY HAVE PARENT HELP IN ALL OF THE FOUR STEPS.

SPECIFIC DEFINITIONS

Alternative Measures for Students with Special Needs.

The Principal or their designee has the authority to provide alternative disciplinary service measures as needed or necessary as long as those procedures comply with district policies and state regulations, rules, and Statutes.

Assignment to Detention

Students can be detained before, or after school hours for misconduct with approval of the principal or his/her designee. Parents or guardians are to be notified that the student will be detained. Responsibility of transportation is that of the student and/or parent or guardian.

Corporal Punishment

Corporal Punishment is the moderate use of physical force or physical contact in the form of paddling by a teacher or principal as may be necessary to maintain discipline or to enforce school rules.

Expulsion F.S. 1006.07

Expulsion is the removal of the right and obligation of a student to attend a public school for a period of time to be determined by the School Board.

The School Board has the authority to honor the final order of expulsion or dismissal of a student by another in-state or out-of-state public school board or private school board or developmental research school for an act that would have been grounds for expulsion also by the Calhoun County School District.

Suspension

Out-of-school suspension (OSS) is the temporary removal of a student from his regular school program for a period not to exceed ten school days for any one violation.

In-school suspension (ISS) is the temporary removal of a student from his regular school program, to a specific location on a school campus for a designated period of time during the school day, not to exceed ten days for any violation. Specific assignments are given to the students while in school suspension is in effect. Students assigned to ISS are not given the option of out-of-school suspension and may not return to school without the completion of their ISS punishment.

There is considerable flexibility in the use of these responses to student misconduct. Schools have varied the length and conditions of suspension as well as assignments based on factors such as the seriousness of the misconduct.

Any student who is assigned out-of-school suspension or expulsion from the Calhoun County School System shall not be allowed to attend or participate in a school-sponsored activity or function, nor be allowed on school property during the duration of the suspension or expulsion.

A student's accumulated days of ISS and/or OSS starts over at the beginning of each school year. Calhoun County School District honors the accumulated ISS and OSS days for students transferring into the district from other school districts.

ATTENDANCE POLICY AND TRUANCY PROCEDURES

Grades K-12

Each parent of a child within the compulsory attendance age shall be responsible for such child's school attendance as required by **F.S. 1003.24. Florida Statute 1003.26** requires the parent of a student to justify each absence of the student. The justification will be evaluated based on adopted district school board policies that define excused and unexcused absences.

Excused absences may only be used for the following legitimate, documented reasons:

- Illness and/or medical care
- Absence for treatment of autism spectrum disorder (HB 7069)
- Death in the Family
- Legal Reasons
- Religious Holidays or instruction
- Financial or other insurmountable circumstances as determined by the prior approval of the principal
- Head lice, a maximum of two days for each occurrence
- Planned absence approved in advance by the principal/designee

Examples of unexcused absences may include:

- Missing the school bus
- Oversleeping
- Shopping and/or pleasure trips
- Excessive illness (without physician verification that medical condition justifies a pattern)
- Failure to communicate the reason for the absence with the school

It is the responsibility of the parent(s) or guardian(s) to provide a written statement indicating the reason for **ALL** absences within **three (3) days** of the student's return to school.

A parent note will be accepted for **any three (3)** absences during the grading period. Any other absences will only be excused with a note from a doctor, dentist, school health nurse/aid, funeral program of an immediate family member, or documentation for a legal reason. Final determination of whether an absence or early dismissal is excused or unexcused is the responsibility of the local school principal/designee. Any planned absences, other than medical appointments, must be approved in advance by the principal/designee.

When a student has **three (3) or more unexcused absences** in a class during a nine (9) week grading period, the student will receive a grade of no more than 59 (F).

When a student receives a 59 (F) as a result of unexcused absences, a meeting will be scheduled with the student and/or their parents to discuss the attendance issues. An attendance contract will be offered to allow the student to replace the 59 grade(s). If the student completes the terms of the contract, the 59 grade(s) will be forgiven and replaced with the appropriate grade earned for that grading period at the end of the school year.

Make-Up Work

- Student must contact their teacher upon returning to school for make-up and assignments
- Make-up work must be turned in within 5 school days from the absence
- When given advance notice of a test or assignment, it must be turned in on the day the student returns to school after the absence
- Missing work due to an absence will be given a grade of "1" until the work is made up. When the make-up period has expired and the work is incomplete, the grade will be changed to "0"
- If the teacher is absent when a student returns to school from an absence, the time to make up work may be extended
- Extension of the amount of time to make-up work can be approved by the principal

For students in grades 6-12, when attending a school sponsored club event or field trip, they must be present the day before the trip and day after the trip for the school sponsored trip to be an excused absence. The principal may excuse the absence for a legitimate, documented reason.

Recurring Illness

When a student has a recurring or chronic illness, parents will be required to have their medical doctor certify the extent of the illness each nine weeks. **F.S. 1003.24** states if a student is continually sick and repeatedly absent from school, he or she must be under the supervision of a physician in order to receive an excuse from attendance. Such excuse provides that a student’s condition justifies absence from more than the number of days permitted by the district school board. The **Physician’s Certification Form** must be picked up from the school principal.

Tardiness

Students are expected to be in class on time and remain in class until the end of the class period. Students who arrive to class 10 minutes late or leave class 10 minutes early will be issued a Late Absence for that period.
